

Installation Systems PATENTED

ITEM	MODEL No.	DESCRIPTION	SHIPPING WGT.	PRICE
	<p>Series G Cooler/ Industrial</p> 	<p>Combines the strength of the Series F with easy installation in strip replacement. Strip slides into the aluminum mounting for a strong and secure hanging system.</p>	.38 lbs. per ft.	\$8.00 per ft.
	<p>Series F Cooler/ Industrial</p>	<p>Toughest, most reliable method. A heavy aluminum bar is passed through the bonded loop at the top of each strip. The bar is then bolted in above the door jamb.</p>	.25 lbs. per ft.	\$7.50 per ft.
	<p>Series AF Cooler/ Industrial</p>	<p>Similar to the Series F, Series AF is used overhead on flat ceilings or in the door jamb when obstructions will not permit the strip door to overlap the main door frame.</p>	.60 lbs. per ft.	\$8.50 per ft.
	<p>Series U Refrigerated Trucks</p>	<p>Bracket and round bar construction is heavily utilized by the trucking industry for refrigerated transport. Removable bolt in the "U" bracket allows for removal of the entire curtain in minutes.</p>	1 lb. per ft.	\$9.00 per ft.
	<p>Series QM Cooler/ Industrial</p>	<p>Series Quick Mount allows easy installation in industrial openings. Studs on 2" center allow adjustment of overlap for all environmental requirements.</p>	1.75 lbs. per ft.	\$10.00 per ft.
